

**Architectural Control Committee (ACC)
Recommended Trees**

Removing trees to create space to build is inevitable. Disturbing tree root systems or exposing previously sheltered trees to wind can cause existing trees damage that can kill the tree.

Most SLV residents came here to live in a treed community; they do not want to live in a grassy plane with few trees.

Our summer conditions make shade desirable. Trees and shrubs help slow storm water runoff during rain events.

SLV encourages residents to preserve or replace trees wherever possible on residential lots. New varieties of trees to be added to this list may be proposed by any property owner.

NOTES:

New/other tree varieties than listed here will be considered by the ACC on landscape plan submittal.

Trees shown with ~~strikeout~~ indicate deletions from previous list.

NAME	GENUS/SPECIES	NOTES
Ash, Green	Fraxinus Pennsylvanica	May be susceptible to disease
American Holly	Ilex Opaca	added
American Linden	Tilia Cordata	added
Ash, White		May be susceptible to disease
Autumn Flowering Higan Cherry	Prunus Subhirtella	
Bald Cypress	Taxodium distichum	
Beech American	Fagus grandifolia	
Blackgum (Tupelo)	Nyssa Sylvatica	
Buckeye, Red	Aesculus pavia	
Carolina Silverbell	Halesia Carolina	
Chestnut, American	Castanea dentata	
Chestnut, Chinese	Castanea mollissima	
Chinese Fringe Tree	Chionanthus retusus	
Chinese Pistache	Pistacia Chinesis	
Chinquapin, Alleghaney	Castanea pumila	
Copper Beech	Fagus Sylvatica Purpura	added
Crabapple Southern.	Malus angustifolia	
Dawn Redwood	Metasequoia	
Dogwood, Kousa	Cornus kousa	
Doqwood, Swamp	Cornus stricta	

ACC Rules & Regulations

Elm Winged	<i>Ulmus alata</i>	Susceptible to natural occurring infestation or disease. Adding this tree is discouraged, but leaving existing specimens in place is acceptable
Foster's Holly	<i>Ilex Fosteri</i>	added
Fringebeard (GancyGreybeard)	<i>Chioanthus virginicus</i>	
Frontier Elm	<i>Ulmus Frontier</i>	
Ginkgo (Male Trees only)	<i>Ginkgo Biloba</i>	Do not use females, they have pungent odor and
Hickory Mockernut	<i>Carya tomentosa</i>	
Hickory Pignut	<i>Carya glabra</i>	
Hickory Shagbark	<i>Carya ovata</i>	
Hickory, Water	<i>Carya aquatica</i>	
Holly Dahoon	<i>Ilex Cassine</i>	
Holly East Palatka	<i>Ilex Attenuata</i>	
Holly Yaupon	<i>Ilex Vomitoria</i>	
Hophornbeam	<i>Ostrya virqiniana</i>	
Hornbeam, American Ironwood	<i>Carpinus caroliniana</i>	
Hornbeam, European	<i>Carpinus betulus</i>	
Japanese Tree Lilac	<i>Syringa Reticulata</i>	added
Kwansan Cherry	<i>Prunus Kansan</i>	added
Magnolia	<i>Magnolia Grandiflora</i>	
Magnolia Big Leaf	<i>Magnolia Macrophylla</i>	
Magnolia Sweetbay	<i>Magnolia Virginiana</i>	
Magnolia, Japanese	<i>Magnolia x soulangiana</i>	
Maple Southern Sugar	<i>Acer barbatum</i>	
Maple Trident	<i>Acer buerqeranum</i>	
Maple, Amur	<i>Acer qinnala</i>	
Maple, Chalk	<i>Acer leucoderme</i>	
Maple, Japanese	<i>Acer palmatum cvs</i>	
Maple, Red	<i>Acer rubrum</i>	
Maqnolia, Jane		
Mulberry, Red	<i>Morus rubra</i>	
Nellie Stevens Holly	<i>Ilex Nellie Steven</i>	added
Oak Southern Red	<i>Quercus falcata</i>	
Oak Swamp Chestnut	<i>Quercus michauxii</i>	Wet locations
Oak Swamp White	<i>Quercus bicolor</i>	
Oak Water	<i>Quercus nigra</i>	
Oak White	<i>Quercus alba</i>	
Oak, Chinkapin	<i>Quercus myehlenbergi</i>	
Oak, English	<i>Quercus robur</i>	
Oak, Georgia	<i>Quercus Georgiana</i>	
Oak, Laurel	<i>Quercus laruifolia</i>	

ACC Rules & Regulations

Oak, Northern Red	Quercus rubra	
Oak, Oglethorpe	Quercus oglethorpensis	
Oak, Pin	Quercus palustris	
Oak, Sawtooth	Quercus acutissima	Attracts Deer
Oak, Willow	Quercus phellos	
Okame Cherry	Prunus okame	
Paw Paw	Asimina triloba	
Pecan	Carva illinoinesis	
Persimmon	Diospyros Virqiniana	
Prariefire Crabapple	Malus Prariefire	
Purple Leaf Plum	Krauter Vesuvius	
Redbud	Gereis Canadensis	
River Birch	Betula nigra	
Sassafras	Sassafras Abidum	
Service berry (iuneberrv)	Amelanchier arborea	
Sourwood	Oxydendrum Aboreum	
Sparkleberry	Vaccinium arboreum	
Star Magnolia	Magnolia Stellata	added
Sugarberry	Celtis laevigata	
Sycamore	Plantus occidentalis	Not drought tolerant
Thornless Honey Locust	Gledista Inermis	added
Tricolor Beech	Fagus Sylvatica Tricolor	added
Tulip Tree	Linodendron Tulipfera	
Walnut	Jugland nigra	Leaves, roots, and nut shells of Walnut Trees contain an effective herbicide. Grass and other ground cover planted under the canopy of walnut trees will not survive.
Yellowwood, American	Cladrastis kentukea	
Yoshino Cherry	Prunus x yedoensis
